¹ The information in this tables depicts information collected from only those cases in which complete guideline information is available. Of the 80,035 cases received by the Commission, 71,004 contained complete guideline information (88.7 percent). It is possible to have multiple guideline calculations for each case, and this table represents each guideline calculation for cases in which complete information was received.

² Fiscal Year 2013 data represents guideline application from guidelines effective November 1, 2012 unless otherwise specified.

³ This column represents the number of times each guideline or Specific Offense Characteristic (SOC) was applied.

⁴ The "Percent" column represents, for each guideline, the portion of all guideline calculations in which the specific guideline was involved. For each SOC, the percent represents the frequency with which the SOC was used in the calculations for the specific guideline.

⁵ Base offense level was increased on November 1, 2004.
